TAO

ACUPUNCTURE FOR YOUR HEALTH & WELLBEING

The Art of Qi

TAO is a multi-modality clinic specializing in Traditional Chinese Medicine, offering acupuncture, herbal medicine and cosmetic acupuncture. Rooted in the ancient Chinese philosophy of the "Tao," our registered Australian Chinese Medicine Doctor will ensure all of your health needs are looked after.

Traditional Chinese Medicine

Consultation & Treatment (75 Min)

1,000K

The fundamental principle of TCM theory is based on promoting the harmonious exchange between the two polar opposite energies of Yin and Yang to restore balance in the body. This is achieved by encouraging the smooth flow of Qi in the body and by cultivating and nourishing energy, blood and other vital substances in the body.

By using techniques such as acupuncture, cupping, massage, dietary advice and herbal medicine, this ancient form of healing can treat anything from gynecological, musculoskeletal, digestive and emotional issues to boosting your immune system and harmonising your hormones

Cosmetic Acupuncture (45Min)

900K

Cosmetic acupuncture works to reduce wrinkles, eliminating acne and scarring, buffing out fine lines and lifting sagging skin, as well as improving your skin colour and texture without use of any harsh chemicals. It works internally to optimize your health while simultaneously enhancing the natural appearance of your skin. It is a great natural alternative to treatments such as botox, chemical peels and face-lift surgeries.

During the session, tiny and fine needles are inserted along specific points along the face, releasing energy and those amazing, feel-good endorphins. How? The petite needles stimulate blood flow and cellular re-growth, producing collagen and utilising your body's magnificent natural healing processes.
